PROFESSIONAL SUMMARY

Detail-oriented and passionate Frontend Developer currently pursuing a Bachelor of Computer Applications (BCA). Possesses a strong foundational knowledge of core web technologies and modern frontend libraries like React.js. Adept at translating UI/UX designs into responsive, clean, and highly interactive web applications using semantic and efficient code structure. Driven by logic-based learning and highly disciplined in building project-driven solutions. Proven to be an effective communicator and problem-solver, eager to contribute to dynamic software development teams.

SKILLS

Web Development:	HTML5, CSS3, JavaScript (ES6+), React.js, Axios, Fetch API
Programming & DSA:	C, C++, Basic Data Structures & Algorithms
Tools & Workflows:	Git, GitHub, Responsive Web Design, Flexbox, CSS Grid, Vercel
Soft Skills:	Logical Problem Solving, Strong Professional Communication, Self-Discipline

PROJECTS

Employee Management System

[🔗 Live Demo](#)

- Developed a role-based authentication and management dashboard for tracking employee details, status updates, and task allocations in real-time.
- Implemented dynamic UI views tailored to specific roles, ensuring seamless state management and smooth data flow across components.
- Integrated responsive design patterns to deliver an intuitive layout optimized for both desktop and mobile screens.

E-Commerce Web Application

[🔗 Live Demo](#)

- Built an interactive e-commerce interface featuring dynamic product filtering, real-time search functionality, and cart management logic.
- Designed a responsive UI to render catalog items with instantaneous state updates upon item modifications.
- Architected modular React components for reusability, efficient code maintenance, and high client-side performance.

EDUCATION

Bachelor of Computer Applications (BCA)	2023 – 2026 (Pursuing)
Indira Gandhi National Open University (IGNOU)	
Class 12th (CBSE)	2023
Govt. Boys' Senior Secondary School, New Delhi	
Class 10th (CBSE)	2021
Govt. Boys' Senior Secondary School, New Delhi	

HOBBIES & INTERESTS

- Technical Mastery:** Consistently practicing high-speed computer typing to optimize development workflow and logic mapping efficiency.
- Value Reading:** Dedicated to reading classic and motivational literature focusing on building deep moral foundations and personal discipline.
- Fitness & Sports:** Actively engaging in competitive cricket matches and sustaining a strict one-hour daily health and home fitness program.
